Seeking: Entry Level, Information Security Position

I have a unique background, having studied a diverse set of interests including computer science, criminal justice, and engineering. Cybersecurity combines many of my interests and experience, making me motivated and well-suited for this field. After studying mechanical engineering and then computer science, I decided to complete my original degree to move on to my career more quickly. I graduated with a **B.S. in Criminal Justice** and have a **CompTIA Security+ CE** certification.

Résumé | P. 2

stevelucascs@gmail.com

CDW Corporation, Lincolnshire, IL

Product and Partner Management Intern

June, 17 – August, 17

- I was part of a team that designed and implemented a new initiative to offer targeted discounts to customers based on CDW's proprietary data.
- Using records from CDW's SQL database, we selected products that would be offered at a discount to a customer through their portal on CDW's website.
- As part of a side project, I experimented with Salesforce's sandbox feature and helped design a Salesforce implementation for another branch of the company.
- I gained valuable knowledge about the workings of Salesforce, its Apex programming language, and thoughts on the user experience from my coworkers.

Lake Superior State University, Sault Ste. Marie, MI

Public Safety Auxiliary Officer

May, 15 – May, 16

- Dispatch, Campus and Event Security, Emergency Preparedness.

Cook County Sheriff's Office, Chicago, IL

Intelligence Center Intern
